

UPPE145L

Ladie's Atom trousers

Stretchy, hard-wearing and comfortable fabric.

Practical with multiple pockets.

90% nylon / 10% Spandex. Women's slim fit work trousers in U-4 fabric which gives maximum freedom of movement, thanks to its properties, which allows it to simultaneously follow body movements in 4 directions. The U-4 Way Stretch fabric is very comfortable and gentle on the skin. Women's abrasion-resistant, water-resistant, highly breathable and quick-drying work trousers. This model of women's work trousers is quite functional, thanks to its multiple pockets: two large front pockets, a side tool pocket, a side multifunctional pocket with retractable badge holder, and two rear pockets, one with flap and one with velcro safety closure. In addition, the Atom work trousers feature a large side pocket and a right front pocket, both with zipper. The stretch waist features an innovative concealed adjustment system, which guarantees optimal wearability, while the enhanced rear yoke improves the protection of the lower back area and comfort. The reflective stripes on the rear belt loop improve visibility and safety. This style of women's stretch trousers are ideal for the winter season and, in particular, for work in: construction sites, transport and logistics sector, gardening and agriculture, warehouses, handicraft, etc. The Atom features triple stitching, central closure with YKK zipper and scratch-proof button.
